GREEN MAP
TREPA
GOMI
NS/YCC
This map is a part of the award-winning global Green Map System. Find out more about the world-wide collection of local Green Maps, the GMS icons and ways to participate at www.greenmap.org and info@greenmap.org. Green Map icons copyright World Wide Design, 1996-1999. All rights reserved.
This map was produced by Nova Scotia Youth Conservation Corps students in cooperation with the Tusket River Environmental Protection Association and the Gulf of Maine Institute. Assistance of people with local knowledge is greatly appreciated.
Local map producers are responsible for map content. Information is accurate to the best of our knowledge and abilities.
This map shows green businesses and town infrastructure. We found places where people can buy locally grown produce and identified restaurants where vegetarian fare is available and little waste produced. We hope to find more green businesses to add to our map in the future.
